## REMARKS

Applicants respectfully request the revival of the above-identified patent application. The abandonment was unintentional, as it was due to a docketing error. Moreover, the entire delay in filing the required reply from the due date of the reply (i.e., July 26, 2005, extendible through October 26, 2005) through the date of mailing of this petition (i.e., 27 January 2006) was unintentional. Revival of the instant application is respectfully requested, in view of the remarks set forth above.

Respectfully Submitted,
